

Dear friend,

The 10th Convention of the European Acoustics Association, Forum Acusticum 2023, will be held in presence in Torino (Italy), from September 11 to 15, 2023.

Forum Acusticum 2023 is a triennial international convention organized by the Italian Acoustical Association on behalf of the European Acoustics Association (EAA). The Congress will be a world leading event in the areas of acoustics and a great opportunity for participants to meet in person, to expand their knowledge, to share new techniques and competences, in the wide range of acoustics nowadays addressed in the community.

As organizer of the session “A04-09”, under the theme “Costs and economic impact of environmental noise”, I would like to cordially invite you to submit a paper to this session.

The session is addressed at papers investigating the costs and impact, both social and economic, of environmental noise, with a particular attention to recreational noise deriving from night time leisure activities in the cities: a complex phenomenon involving many distinct players such as residents, night managers and workers, customers, local authorities.

Papers can be submitted for oral (a 20-minute time slot is allotted) or poster presentation through the Forum Acusticum 2023 website, <https://www.fa2023.org>.

Submission deadline for abstracts is **January 31, 2023**, while papers need to be submitted by **April 30, 2023**. The abstract will be 200-words long and papers can be from 2 to 4 pages. All the papers will undergo a peer review process.

Thank you in advance for your kind consideration, and if you have any questions do not hesitate to contact us. We look forward to seeing you in Torino!

Sincerely,

Elisabetta Ottoz
